**Home Based
Primary
Care
(HBPC)**

The VA HBPC is designed to serve

- ♦ Chronic diseases that are difficult to manage, such as
 - Heart Disease
 - Parkinson's Disease
 - ALS
 - Dementia
 - COPD
 - Diabetes
 - Other Chronic Conditions
- ♦ Very disabled veterans
- ♦ Veterans with a history of ER visits and hospital stays

Services Not Provided by HBPC

- ♦ Emergency Care
- ♦ Daily or on-call nursing
- ♦ Medication Delivery
- ♦ Homemaking Services
- ♦ VA Specialty Care Services

HBPC works with Veterans and their family members/ caregivers within the home setting.

Goals of HBPC

- ♦ To provide the best health care possible to the veteran within his or her home
- ♦ To maximize the veteran's independence
- ♦ To support the veteran's quality of life
- ♦ To provide education and support to family & caregivers
- ♦ To demonstrate appreciation to our veterans through respectful and professional service
