- What is the motivation of the caregiver to being a foster home provider?
- What are the schedules/routines of the home?
- Will the home meet my changing needs as I grow older or need more care?
- What recreation options are provided in the home and via community outings?
- Are bedrooms private?
- What are some examples of meals?
- What are the house rules?
- How long has caregiver been in the adult foster home business?
- Does the caregiver appear to be knowledgeable and sincere?
- Is the home clean, odor free, well lit and free from clutter?
- Are the common areas attractive, comfortable and inviting?
- Does the size and design of the home appeal to you?
- Do current residents appear to be happy and comfortable?
