We are inviting many community, government, and job, education and healthcare organizations to attend and provide information on their services.

You will have the opportunity to enroll for VA healthcare benefits and learn about KCVA programs.
Home Based Primary Care is Coming to the Excelsior Springs Area!

Home Based Primary Care (HBPC) will soon expand to the Excelsior Springs area. HBPC staff makes regular home visits for health concerns, medications, diet, well-being, and safety. You are eligible for HBPC if:

- You are eligible for VA care.
- You live within 30 miles of KCVA or Excelsior Springs.
- You accept HBPC as your primary care provider.
- Your home setting is safe for the well-being of you and the HBPC team.
- You have difficulty leaving the home due to medical problems.
- You have a complex disease process which needs a medical team approach.

Excelsior Springs HBPC plans to start enrolling patients early in 2013. If you have a need, ask your Primary Care Provider about a consult for HBPC. For questions, please call (816)922-2411.

Veterans Day Freebies!

There are a lot of free goodies available to Veterans this Veterans Day...too many to list here! We came across a good website that lists a lot, www.themilitarywallet.com. Keep in mind, some of these offers may not be in the Kansas City area and it may not be a complete listing.

Flu Shot Update

Flu Shots will be given at in the following clinics: Silver, Gold, Primary Care, Mental Health, SCI, VA Community Based Clinics, and the Mobile Medical Unit

Home Depot Helps Out

Employees from Home Depot Home Improvement stores in the Kansas City area were at Kansas City VAMC on Friday, October 5, 2012 for their employee service day. They donated supplies and resources to extend a paver pathway that can be utilized by Veterans coming up the hill from the bus stop as well as any Veteran or employee who’d like use it as an exercise walking trail. The volunteers also planted shade trees and built resting benches along the path. Over 100 Home Depot employees, including a few who are Veterans, from 9 district stores volunteered for this Veteran focused project.
